## New Damper Actuator & Valve Product Catalogue 2026

Dear Valued Business Partners and Friends,

Gruner AP is pleased to present its new 2026 Product Catalogue. The new design of the catalogue makes it easier than ever to select the right products for your applications.

### Our extended product portfolio now includes:

- HVAC Actuators – Non-Fail-Safe
- HVAC Actuators – Fail-Safe
- Fire & Smoke Actuators
- VAV Actuators
- Characterised Control Valves (CCV) for small HVAC equipment
- Control Valves (CV) for HVAC equipment
- Steam Valves (SV) for HVAC equipment
- Pressure Independent Control Valves (PICV) for small and large HVAC systems
- Butterfly Valves
- 2- and 3-Way FCU Valves
- FCU and VAV Room Units

The highlights of the 2026 Catalogue include our new Butterfly Valves with the 900-Series of Actuators as well as our Compact Fan Coil and VAV Room Unit Controllers with BACnet MS/TP communication, along with an extended range of PICV Valves and Actuators.

Together with our Sensor portfolio, this comprehensive range of Damper Actuators, Valves, and Valve Actuators enables Gruner AP to offer a complete range of high-quality HVAC products that enable smarter, safer, and more efficient building automation systems.

For any questions or suggestions, don't hesitate to contact us at your convenience.

Best regards,

**Matthias Haas**

Managing Director, Gruner Asia Pacific
